

Concord garden light

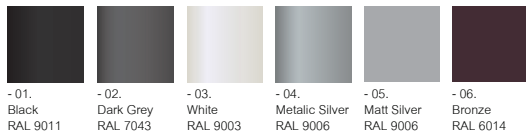

IP55 ✱ ▲ ▲ / EN 60598/CLASS I ⚡ / ▽ / CE / IK08

Suitable for wet locations

A decorative garden light with a fully shielded lamp providing symmetrical light distribution with no glare and meeting Dark Sky criteria. Designed to house different options of energy saving compact fluorescent, metal halide and high pressure sodium lamps. Developed to compliment the Concord wall light, Concord bollard and Concord pillar light. For use in various applications including entrances, gardens and pathways. The LED luminaires have features such as long life, limited maintenance and constant lifetime performance.

Low copper content die-cast aluminium housing with high corrosion resistance. Stainless steel screws. Durable silicone rubber gasket and opal glass diffuser. Housing is treated with a chemical chromated protection before powder coating, ensuring high corrosion resistance. Integral control gear.
